

Classroom and Competition Grant applications now open, closing September 30th.

STEM Classroom Grants

The PreK-12 Classroom grant expands opportunities for idea-sharing and innovation. Utah Educators and administrators at Utah public schools can implement innovative new approaches to STEM experiences in their classroom, with their findings being shared at STEM conferences and awards events.

STEM Competition Grants

The STEM Competition Grant was designed to support Utah students, grades K-12, participating in STEM competitions throughout the state. Award amounts range between \$500 to \$5,000.
