

# Intradistrict Communication

DATE: Thursday, March 17, 2022

TO: All School Administrators

FROM: Carolyn Gough, Administrator of Teaching & Learning  
Ben Jameson, Director of Evaluation, Research and Accountability

SUBJECT: 2021-22 USBE Educator Engagement Survey Results

---

The 2021-22 USBE Educator Engagement Survey window closed on Friday, March 11th. An analysis of the survey has been completed and is available in your Tableau accounts [here](#).

Tableau users may also navigate to the dashboard through the Explore menu: Explore > Surveys > USBE Educator Engagement Survey > 2021-22 > **2021-22 Educator Engagement Survey Analysis**

The survey presented question items and solicited comments from classroom teachers regarding mentoring, school leadership, collaboration, professional learning, career growth, and job satisfaction. While no school-level data are available, the survey does present a perspective of educator engagement and job satisfaction that could provide guidance to school leaders in terms of morale, teacher preparation, the efficacy of mentoring programs, and school leadership.

Please contact Ben Jameson in Evaluation, Research & Accountability with any questions.
