SUBJECT: 2021 ACT Data Available on Administrator Tableau Viewer Accounts

2021 ACT 11th grade administration data are now available via school administrator Tableau Viewer accounts. School administrators may view the following ACT data from 2016 to 2021:

- Participation rates for all students and specific student groups
- Composite, English, Math, Reading, Science and STEM scores for the district and each high school
- ACT reporting categories for the district and each high school
- An achievement gap analysis for each student group
- School score comparisons
- Student level data, including individual student reports

School administrators may access the ACT dashboards at the following links:
