SUBJECT: 2023-24 Stakeholder Input Survey – Preparation and Administration Details

The 2023-24 Stakeholder Input Survey will be administered to parents, school employees, and students in grades K-12 beginning Wednesday, November 1, 2023, and ending Tuesday, November 21, 2023. All parents, licensed educators, education support professionals and students should be invited and encouraged to participate in the survey.

Survey respondents have the opportunity to take part of the survey for school individual principals, assistant principals, classroom teachers and licensed support staff (i.e., instructional coaches, counselors, school psychologists, speech language pathologists, library media coordinators, cluster leaders, etc.). Thus, we need to ensure that the survey contains an accurate list of each school's licensed educators for whom respondents can take the survey.

The table below contains a unique link for each school that will direct viewers to a list of licensed staff that has been downloaded from Skyward. Administrative assistants are asked to verify the accuracy of that list, adding or deleting licensed educators as necessary. Staff verification lists need to be verified by **Friday**, **October 13, 2023**. This will allow enough time for Evaluation, Research & Accountability to upload the staff lists into the survey. Once the survey begins, we will be unable to add or delete any staff, so it is essential that administrative assistants carefully verify the accuracy of these lists.

The staff verification list should contain all *licensed* educators:

- Principal
- Assistant principals
- Counselors and social workers
- Teachers
- School psychologists
- Speech language pathologists
- Library media specialists/coordinators
- Cluster leaders
- Instructional, technology, literacy, Title I or any other *licensed* academic coaches (non-licensed or athletic coaches need not be included unless they fill one of the above listed roles)
- Any other licensed and certified educators at your school

Please see the table below to access your school's staff verification list.

Administrative assistants, please click the link next to your school to view and verify your staff list for accuracy. Contact Ben Jameson (ben.jameson@jordandistrict.org) with questions. Please check the following items for accuracy:

- 1. <u>Position Assignment Description:</u> Use the drop-down menu to indicate if the licensed educator is an administrator or classroom teacher. For all other licensed positions for staff members that are not administrators or classroom teachers, please use the Licensed Support Staff designation.
- 2. <u>Grade Level:</u> For elementary schools, please verify the accuracy of the grade level for classroom teachers. This is because there is a different survey for students in grades K-3 and grades 4-6.
- 3. <u>Missing Teachers:</u> If a teacher in your building does not appear on the list, please add their name on the left side of the list. Elementary administrative assistants will need to add preschool teachers to their list since Skyward does not connect them to their elementary school.
