SUBJECT: 2023 ACT Data Available on Tableau Viewer Accounts

The results for the 11th grade administration of the 2023 ACT are now available in Tableau. School administrators may view the following ACT data from 2016 to 2023:

- Participation rates for all students and specific student groups
- Composite, English, Math, Reading, Science and STEM scores for the district and each high school
- ACT reporting categories for the district and each high school
- An achievement gap analysis for each student group
- School score comparisons
- Student level data, including individual student reports

School administrators may access the ACT dashboards at the following links:
