

# Intradistrict Communication

DATE: February 12, 2026

TO: All Administrators & Threat Assessment Teams

FROM: Michael Anderson, Associate Superintendent  
Travis Hamblin, Director of Student Services  
McKinley Withers, Health and Wellness Consultant  
Angie Rasmussen, Student Safety and Wellness Specialist

SUBJECT: CSTAG Updates

---

**CSTAG training consists of two (2) training levels, and both levels must be completed by all administrators and threat assessment team members.** CSTAG Level 2 training is for all who have completed the Level 1 training (the web-based training from Navigate360). Level 2 training builds upon your knowledge of threat assessment by providing practical application and implementation of the CSTAG process in your school.

**Administrators are invited to repeat CSTAG Level 2 for a practical refresher of CSTAG protocols, or administrators who are new to JSD or intern administrators should complete it if they have not done so already.** Select the [link](#) to register for this upcoming session of CSTAG Level 2 training.

## **Upcoming VIRTUAL CSTAG Level (2)Two Training:**

Friday, March 6th 1-3pm (Virtual)- Zoom link will be emailed the day before.

Ensuring the safety and well-being of our students and staff is our highest priority. A well-understood threat assessment process is a vital component of a safe school environment. Health and Wellness is creating series of "mini" training videos, focused on the critical aspects of the school threat assessment process. Each training video is under 5 minutes in duration and will review important components of CSTAG with the goal of increasing the use and benefits of threat assessment with fidelity.

## **4th Topic:**

### **CSTAG Case Example**

This brief, targeted training video is designed to provide all threat assessment team members with a review of critical components of threat assessment.

**Other important CSTAG reminders:** If you want to train a staff member or threat assessment team member in CSTAG level 1, please email the request with the person's name, title, and email address to [Angie Rasmussen](mailto:Angie.Rasmussen@jordandistrict.org) ([angie.rasmussen@jordandistrict.org](mailto:Angie.Rasmussen@jordandistrict.org)). CSTAG Level 1 is web-based through Navigate 360 and the training costs \$100 per person. A request for reimbursement will be sent to the school after the staff member has been added.
