DATE: August 1, 2017  
TO: High School Principals  
FROM: C. Brad Sorensen, Administrator of Schools   
SUBJECT: Athletic Classes Taught During School Time

---

As it is time to submit differentials, special assignment contracts, and the differential spreadsheets associated with these documents, there is a need to know which of the five coaching classes you have allowed to be taught at your school during the school day. **As per an agreement made with the Board of Education, if a coach/advisor coaches their respective activity during the school day, they do not qualify for the Extended Differential allotment.**

Please list below the five programs that are held during the school day.

(Reminder: boys/girls basketball counts as one, as does baseball/softball.)
