

# Intradistrict Communication

DATE: Thursday, February 24, 2022

TO: Elementary School Administrators

FROM: Carolyn Gough, Administrator of Teaching & Learning  
Ben Jameson, Director of Evaluation, Research and Accountability

SUBJECT: 6<sup>th</sup> Grade CoGat Tableau Dashboard

---

A dashboard has been prepared in Tableau displaying district and school CoGat results from the 6<sup>th</sup> grade administration that took place in November and December 2021.

The dashboard may be found [here](#) or by navigating through your Explore menu:  
Explore Menu > 6<sup>th</sup> Grade CoGat > 1-CoGat Universal Screening Analysis, 2019-Present.

As a reminder, the CoGat is broken up into three subtests that measure students' verbal, quantitative and nonverbal reasoning skills. A student sge score (SAS), percentile rank, and age stanine (comparable to a proficiency scale with a range of 1-9) with explanations of each score type are included in the dashboard.

The dashboard will allow users to drill into the data to discover performance by student group (economically disadvantaged, EL learners, race/ethnicity, and students with a disability). Users can also view individual student results.

Please contact Ben Jameson in Evaluation, Research & Accountability with any questions about the dashboard.
