

Intradistrict Communication

DATE: Thursday, January 4, 2024

TO: Elementary School Administrators

FROM: Carolyn Gough, Administrator of Teaching and Learning
Ben Jameson, Director of Evaluation, Research and Accountability
Rebecca Smith, Consultant, Gifted & Talented

SUBJECT: 6th Grade CogAT Tableau Dashboard Updated with 2023-24 Results

The 2023-24 6th grade CogAT results are now available in Tableau viewer accounts. Elementary school administrators may access the dashboards [here](#). Results are available at both the district and school level. School administrators may also filter the data by student groups (economically disadvantaged, ML, race/ethnicity, and students with a disability). Finally, individual student results are also available [here](#).

Hard copy results and interpretation guides will be sent to schools at a later time.

Please contact Ben Jameson in Evaluation, Research & Accountability with questions about these dashboards.
