

## **A.S.P.E.N. Training**

**Are you interested in learning about how to effectively manage aggressive behavior in the school setting?**

**Have you always wanted to attend Mandt Training but just couldn't find the time?**

**Then do we have a training opportunity for you!**

**We will be offering A.S.P.E.N. training to all administrators and school psychologists on Wednesday, December 2, 2016 at JATC South 12723 S Park Avenue (2080 W), Riverton, UT**

**8:00-11:30**

**Course #101133 Session #114802**

**Please sign up for the session on JPLS**

Please call Brian King, District Behavior Specialist, with any questions concerning this training opportunity (567-8208).

A.S.P.E.N. is a positive, preventative, and proactive approach to managing aggressive student behavior.

This training has a proven track record and was developed right here in Utah. A.S.P.E.N. provides similar training to the Mandt System, but is less time consuming.
