

Don't Forget To Get Your School Signed Up For An Adobe Connect Behavior Group!

Every school can get access to the De-escalation of Behavior Modules by going to behavior.jordandistrict.org

But why stop there?

Step 1. Create a Behavior Team and join our Adobe Connect Behavior Group

Your Behavior Team should include (at a minimum):

- Administrator
- School Psychologist/Counselor
- Teacher Leader

Step 2. Sign your Behavior Team up to be part of an online Adobe Connect Behavior Group and receive training from the comfort of your own school

During these trainings your Behavior Team will:

- Discuss questions about the De-escalation of Behavior Modules
- Receive additional "Mini-PD" materials and learn how to teach them
- Discuss/plan how to get these trainings out in your school

How do I sign my school team up for Adobe Connect Behavior Groups?

Email Brian King (brian.king@jordandistrict.org) by **October 5th**

1. Indicate that you would like your school to participate
2. Include name and email for each member of your Adobe Connect behavior team
3. Information will then be sent to you concerning how to join each session etc.
