As you begin creating your teaching schedule boards for the next school year, there is a need to know which of the athletic classes (up to eight) you will be offering to be taught at your school during the school day. **As per an agreement made with the Board of Education, if a coach/advisor coaches their respective activity during the school day, they do not qualify for the Extended Differential allotment.**

Please list the athletic classes below. The following combinations will count as one class: boys baseball/girls softball, boys/girls basketball, boys/girls cross-country, boys/girls golf, boys/girls lacrosse, boys/girls soccer, boys/girls swimming, boys/girls tennis, boys/girls track & field. A football team powerlifting class counts as one of the athletic classes.
