

Intradistrict Communication

DATE: February 13, 2019
TO: High School Principals
FROM: C. Brad Sorensen, Administrator of Schools 
SUBJECT: Athletic Classes Taught During School Time

As it is time to submit differentials, special assignment contracts, and the differential spreadsheets associated with these documents, there is a need to know which of the eight coaching classes you have allowed to be taught at your school during the school day. **As per an agreement made with the Board of Education, if a coach/advisor coaches their respective activity during the school day, they do not qualify for the Extended Differential allotment.**

Please list below the eight programs that are held during the school day.

Reminders: boys/girls basketball counts as one, as does baseball/softball. A football team powerlifting class counts as one of the eight coaching classes.
