---

Two new discipline codes have been added for the 2026-27 school year. Please begin using these codes immediately:

**IES: Indecent Exposure (Self)** – Used when a student exposes their own private parts to others.

**IEO: Indecent Exposure (Other)** – Used when a student causes another student's private parts to be exposed (through any means, including "pantsing" another student)

New discipline code cards should be arriving shortly via district mail for all administrators.
