

Intradistrict Communication

DATE: Thursday, October 16, 2025

TO: Elementary School Administrators

FROM: Carolyn Gough, Administrator of Teaching and Learning
Ben Jameson, Director of Assessment, Research and Accountability

SUBJECT: 2025 BOY Acadience Reading Dashboards in Tableau

2025 beginning of the year Acadience Reading data and results are available in Tableau Viewer accounts. Administrators may view aggregate student participation, benchmark proficiency, and measure proficiency by school and grade level over time. In addition, school administrators may view individual student and teacher data. Demographic filters are also available to help school administrators drill down to the data they wish to see.

These dashboards may be accessed through the Explore menu in Tableau or directly using the links below:

[Acadience Reading, 2015-Present](#)

Explore > Assessments > Acadience Reading & Early Literacy > Acadience Reading Analysis, 2015-Present

Acadience Reading and Math results may be accessed in [ALO](#).

The [Progress Monitoring Fidelity Report](#) in Tableau has also been updated to include the following:

- Completion rates by school
- Completion rates by course
- Completion rates by teacher
- Completion rates by student

The progress monitoring dashboards contain a [link](#) to updated guidance and recommendations from Teaching & Learning about the frequency at which students should be progress monitored.

Please contact Ben Jameson or Brooke Anderson in Assessment, Research & Accountability for more information about these dashboards. For questions about progress monitoring recommendations, please reach out to your school's district literacy specialist.
