## **BYU** McKay School

## ASPIRING PRINCIPALS ACADEMY

The BYU School Leadership Program invites educators to learn from current school, district, state, and university leaders about becoming a school leader. The Academy is a great way to get a taste of school leadership and learn best practices for applying to principal preparation programs and future leadership positions. The district will cover the cost of your substitute teacher, and BYU will award a \$1,000 scholarship to any participants who are accepted to and attend BYU's Masters of School Leadership Program.
