

Intradistrict Communication

DATE: June 19, 2025

TO: All Administrators & Threat Assessment Teams

FROM: Michael Anderson, Associate Superintendent
Travis Hamblin, Director of Student Services
McKinley Withers, Health and Wellness

SUBJECT: Comprehensive School Threat Assessment Guidelines (CSTAG) Level 2 Workshop

Basic CSTAG training consists of two (2) training levels and both levels must be completed one time by all administrators and threat assessment team members. The CSTAG Level 2 workshop is for those who have completed the Level 1 training (the 9-module web-based training from Navigate360) or would like a threat assessment refresher. The Level 2 workshop will build upon your knowledge of threat assessment by providing practical application and implementation of the CSTAG process in your school.

The Level 2 workshop will;

1. Review CSTAG level 1
2. Focus on the implementation and use of the threat assessment process
3. Focus on sustainable ways to use CSTAG in your school.
4. Review of and training on the CSTAG decision tree
5. Review the CSTAG forms and best practices
6. Practice using real-world scenarios.

This July, a CSTAG 2 training will be offered to those who have completed Level 1 and to new administrators and administrative interns.

Select this [link](#) to register for this session of CSTAG Level 2 training.

Wednesday, July 30th
District Office Room 129
8:30am-10:30am
