SUBJECT: Comprehensive School Threat Assessment Guidelines (CSTAG) **and** Bullying Action Plan (BAP) Training Dates

Comprehensive School Threat Assessment Guidelines (CSTAG) and Bullying Action Plan (BAP) Training are required by State Law. Additional training dates have been made available and are described below.

CSTAG training consists of two (2) training levels and both levels must be completed once by *all* administrators and threat assessment team members. The CSTAG Level 2 workshop is for all who have completed the Level 1 training (the six (6) hour web-based training from Navigate360). This workshop will build upon your knowledge of threat assessment by providing practical application and implementation of the CSTAG process in your school. CSTAG Level 3 is an ongoing refresher that is optional and offers practical applications of CSTAG.
