

Intradistrict Communication

DATE: September 08, 2025
TO: High School Principals
Assistant Principals Responsible for District/School Suburbans
FROM: Brad Sorensen, Administrator of Schools
SUBJECT: Change in Terminology for District/School Suburbans

Beginning September 08, 2025, the terminology related to our district/school vehicles previously referred to as "Suburban(s)" will now be designated as "Large SUV(s)."

Action Required:

1. **Form Updates:** Updated versions of the relevant forms provided by the District are attached and will be implemented immediately.
2. **School-Level Forms:** Update all school-level forms and documents by replacing the term "Suburban" with "Large SUV".
3. **Old Forms:** Delete any outdated forms that have not been revised to prevent any potential confusion.

Your help in implementing these updates promptly is greatly appreciated.

All involved school personnel are asked to review the Jordan School District Large SUV documentation to ensure you are familiar with the guidelines for their use. This will help maintain consistency and clarity across all communications and operations.
