

# Intradistrict Communication

DATE: Thursday, February 15, 2016

TO: Elementary and Middle School Principals

FROM: Laura Finlinson, Administrator of Curriculum and Staff Development  
Ben Jameson, Director of Evaluation, Research and Accountability 

SUBJECT: Computer Mouses for Grades 6-8 SAGE Science

---

For those schools that will be using Chromebooks for students taking the grades 6-8 SAGE science assessment, please remember that with the smaller screen size students will have to do a lot more scrolling with the Chromebook track pads. To mitigate this, the Evaluation, Research & Accountability department is willing to purchase USB-connected computer mouses for your Chromebooks. Please check to make sure your Chromebooks have a USB port and then fill out the survey below **by Friday, February 23** to order your computer mouses. Please contact Ben Jameson at 801-567-8243 with any questions.
