

Chromebook User Agreement

Rationale

Technology is an integral part of online learning at Jordan School District. School-issued Chromebooks will allow for continued student learning opportunities. The purpose of the Chromebook is to help students at home and school to complete academic tasks, collaborate more effectively, and further their education.

The Chromebook is the property of Jordan School District. Student use of the Chromebook is dependent on the following:

General Procedures and Guidelines (Do's and Don'ts of Chromebook use):

- Students will follow Jordan School District [Policy AA445 – Student Information Network Acceptable Use Policy](#).
- At the beginning of the school year, students will be assigned a Chromebook.
- Students and parents will indicate through the online registration process that they have read the Chromebook agreement and accept responsibility for the device.
- Chromebooks should be used to complete academic tasks and further education.
- Students are responsible for bringing their Chromebook to school charged and ready for use each day.
- Students must keep passwords and usernames secure and never share them with others.
- Keep the Chromebook away from extreme temperatures.
- Always close the lid before transporting the Chromebook, and never carry it by the screen. The screen and keyboard are susceptible to damage through misuse.
- Students will not modify user settings on their Chromebook.
- Students are not permitted to download any content onto their Chromebook, other than class assignments, without permission from the school.
- Students will not use the Chromebook webcam to photograph any other student, teacher, or person unless for academic purposes, and only with the person's consent.
- Students will not use the Chromebook microphone to record any other student, teacher, or person unless for academic purposes, and only with the person's consent.
- Students should not have food or drinks (including gum) near the Chromebook.
- During instruction, students will not stream any music or video (Pandora, Spotify, YouTube, etc.) or play any games on the Chromebook.
- Sound should be muted while using a Chromebook during live lessons unless given alternative directions from the teacher.
- Students must use only the Chromebook assigned to them and never leave their Chromebook unattended or allow others to use their Chromebook.
- Students should not remove any district and/or school-identifying labels.
- If a student withdraws during the school year, they will return the Chromebook to school or be fined for replacement of the Chromebook.
- Students must bring their Chromebook back to the school at the end of the school year. However, based on the school's preference, some schools may allow students to keep the Chromebook over the summer.
- If the Chromebook is not returned when requested, the student and parents/guardians will be responsible for the replacement fine.
- Fines are assessed as a deterrent against damage, vandalism, and neglect, according to this schedule:

Fine Level	Examples	Fine Amount
Accessory and Asset Tag Replacement Fine	Lost or damaged charging cord, laptop sleeve or bag, or removed asset tags	\$10
Minor Repair Fine	Cleaning, sticker removal, individual key replacement, bezel repairs	\$20
Major Repair Fine	Screen replacement, full keyboard replacement, top/bottom enclosure repairs	\$45
Full Device Replacement Fine	Lost or Stolen Chromebook, Damaged beyond reasonable repair	\$250 Non-Touch/\$300 Touch Screen *Fine depreciates by \$50 for each year beyond the original purchase date.

Expectations of Privacy

Chromebooks are the property of JSD and are not subject to the same privacy expectations as private property. For this reason, there is no expectation of privacy with the Chromebooks.

- All internet activity on the Chromebook, at or away from school, will be filtered by Jordan School District content filters.
- JSD may repossess and search the Chromebook at any time. This includes any violation of school or district policies ([Student Information Network Acceptable Use Policy-AA445](#)).
- Certain apps and websites may require location services data to function. Only District-approved apps may be installed on Chromebooks, and these apps may be authorized to access location services data to perform education-related tasks. Websites may prompt users to allow access to location services data, which may be required for education-related tasks and may be allowed by the user in other instances. Regardless of use case, the location services data provided is an approximate geographic location. Street-level location data is not provided by the Chromebook and is not accessible unless provided voluntarily by the user.

Proper Care of the Chromebook

- Students and parents accept responsibility for safeguarding the Chromebook.
- Students should never attempt to repair the Chromebook.
- If the Chromebook becomes damaged or broken due to negligence, the student and parents will be assessed a fine.
- If the student loses the Chromebook or it is stolen, they are responsible for the replacement fine. For stolen Chromebooks, a police report must be filed.

Acknowledgement of the Chromebook User Agreement

Please sign below indicating you agree with the guidelines and expectations outlined in this Agreement and you understand that violation of the Chromebook Use Agreement and/or Jordan School District Policy AA445 Student Information Network Acceptable Use Policy will result in disciplinary action, the revoking of all Chromebook and network privileges, and fines will be assessed according to the fine schedule for any repair or replacement of the damaged device (if applicable).

✓ Parent/Guardian Signature _____ Date _____

iBoss Parent Portal

The iBoss Parent Portal is a mobile app designed to empower parents with the tools they need to monitor internet usage, set access schedules, and review the browsing history of their children.

The app is available for both Apple iOS and Android under the name “iBoss Parent Portal” within the Apple App Store and the Google Play Store. Please see the [iboss Parent Portal Quick Start Guide](#) for instructions on enrolling to see your Jordan School District student’s internet use on their school-issued Chromebook.
