SUBJECT: Data Gateway Updates and School Report Card Project Release Dates

Data Gateway Updates

The state's [Data Gateway](#) has been updated with 2023-24 RISE, Utah Aspire Plus, DLM, and ACT proficiency results. In addition, student growth (SGPs/MGPs) have also been updated for the 2023-24 school year. Here are some helpful pages on the state's Data Gateway:

- [Data Gateway Login Page](#) – If administrators don't have an account or their account is locked or deleted, please contact Ben Jameson in Assessment, Research & Accountability.
- [Student Proficiency](#) – Administrators can see proficiency by test type (RISE, Utah Aspire Plus, or DLM), grade level, district, or school.
- [Compare Schools Report](#) – Administrators can compare both proficiency and growth (MGP or median growth percentile) for demographically similar schools.
- [Student Growth](#) – Administrators can compare proficiency and growth on a scatterplot.
- [Test Scores by Teacher](#) – Found under My Tools once administrators have logged into their account, this report allows them to see RISE, Utah Aspire Plus or DLM data for their teachers' 2023-24 classes as well as current year students.
- [WIDA ACCESS Reports](#) – Found under My Tools once administrators have logged into their account, this feature allows administrators to download the 2024 WIDA score reports for their currently enrolled English learners.

School Accountability Report Card Projected Release Dates

USBE expects to release [school accountability report cards](#) to the public on September 24, 2024. A secure release to school district officials and school administrators is expected to begin on September 5th and conclude on September 18th.

Targeted School Improvement (TSI), Additional Targeted School Improvement (ATSI), and Comprehensive School Improvement (CSI) designations and exits are expected to be released on September 24th as well. As a reminder, schools designated as TSI are eligible for exit annually. The schools designated as ATSI that are eligible for exit were identified in the fall of 2019 or earlier (cohorts 1 and 2).

For questions about the Data Gateway reports, individual administrator Data Gateway accounts, school accountability report cards, or TSI/ATSI/CSI designations, please contact Ben Jameson in Assessment, Research & Accountability.
