SUBJECT: DRUG & ALCOHOL VIOLATION CARRY-OVERS

The enclosed list identifies students who violated Drug and Alcohol Policy AS90 during the **2017-2018** school year. Their violation resulted in a 10-day, 45-day or 180-day school suspension. Summer vacation will begin before the suspension can be completed, and therefore, must be continued at the beginning of the **2018-2019** school year. Students are listed alphabetically, and we have indicated their suspension period and return date. Also included, is the list of **First Offender students who did not complete** the class before the school year ended, and who will need to finish in the Fall. We will notify the parents of the start of classes in September.

You will be contacted in advance of each student's return date if they have failed to complete the assessment as well as the suspension days. Please notify your attendance secretary so that students do not register before their violation has been cleared.

All schools with carry-over students will receive the student names to avoid students attempting to register in a different building, thus avoiding the consequences. Do not allow students to transfer from another school unless their suspension and their assessment, as per policy requirements, have been completed.

Thank you!
