

Educational Technology Endorsement Program

The Educational Technology Endorsement Program (ETEP) is an intensive 1-2-year professional development program provided to a group of Jordan teachers by the Jordan Educational Technology department. It comprises a blend of evening face-to-face sessions and online learning in which teachers explore ways to leverage classroom technology in a constructivist, student-centered approach to increase instructional effectiveness and student achievement.

Objectives for this project include:

- Enhance teacher instructional practices by using technology seamlessly in classrooms
- Emphasize project-based learning, constructivist approaches, and student-centered classrooms
- Enrich instructional effectiveness
- Increase student academic achievement

This program is intensive, with participation in a 3 credit hour course required every semester. Each course includes 5-6 face-to-face sessions as well as an online component. At the successful completion of the program, participants will have received 18 credit hours (USOE or UVU) and also receive their Educational Technology Endorsement.

The district provides the following for each participant:

- 18 hours of college or lane change credit.
- Participant must pay for UVU credit. USBE credit is free.
- Educational Technology Endorsement on teaching certificate. (Participant must submit paperwork and pay fee to USBE.)

An informational meeting will be held November 15, in the ASB Auditorium. For more information please visit the following [link](#). Registration for the 2017 cadre begins November 16, 2016. If you have any questions about the ETEP program please contact [Raimee Jensen](#) 801-567-8158 in the Educational Technology department.
