

## Elementary STEM Endorsement

Teacher Application for elementary teachers interested in participating in a STEM Elementary Endorsement program in partnership with Southern Utah University.

This is the second STEM endorsement cohort offered to Jordan School District teachers. The STEM Endorsement program will consist of six, three-credit courses. One course per semester will be taught for six consecutive semesters, starting September 30th. The course will conclude May 2018. Integrated STEM Courses will be created and taught by Southern Utah University STEM content specialists.

Upon completion of the first 3 of 6 courses, participants will receive a \$400 stipend. Teachers will also receive resource materials for the implementation of STEM projects in their classrooms. A payment of \$69 per credit through SUU Continuing Education will be due at the end of each course. Teachers earn 3 Credits per course. All 6 courses must be completed before applying for the STEM Endorsement.

Name \_\_\_\_\_

School \_\_\_\_\_ Grade \_\_\_\_\_

Please describe why you are interested in this endorsement.

**Expectations for Participants:** Please check to indicate you understand the requirements.

- \_\_\_\_ 1. Attend all courses and complete course requirements.
- \_\_\_\_ 2. Provide students in your classroom with opportunities to participate in STEM projects as presented during the endorsement coursework.
- \_\_\_\_ 3. Maintain a "lifelong learning" attitude as you learn new STEM practices.
