SUBJECT: Extension of UEPC School Climate Survey Window

Because of the delayed start and other issues we experienced during the beginning of the UEPC School Climate Survey, the window has been extended to Friday, March 23, 2018. Principals are encouraged to remind parents and faculty members again about the survey and to ensure that all students second grade and up have the opportunity to take the survey.

Also, as a reminder, here are the links for you to track respondent participation in the student, parent and faculty/staff surveys:
