

# SMART GOALS

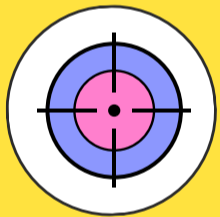

## SPECIFIC

Clear and precise goals that outline exactly what is to be achieved.

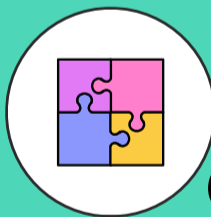

## MEASUREMENTABLE

Goals that include criteria to track progress and determine when they are accomplished.

## ACHIEVABLE

Realistic goals that can be accomplished within the given resources and constraints.

## REALISTIC

Goals that align with objectives and content and are significant to the individual's or organization's success.

## TIMELY

Goals with a defined deadline to create a sense of urgency and timeline for completion.
