Subject: Invitation to Attend Math Co-Teaching Information and Showcase

Several of your colleagues have been working hard this year to develop best practices around Co-Teaching in Math instruction. We would like to invite you to attend a Co-Teaching information discussion for administrators on April 20, from 12:00 – 2:00 p.m., District Office Room 129.

If you are considering co-teaching for the coming school year, or in the near future, we invite you to attend and learn from administrators and staff who have already implemented co-teaching. During this meeting we will share feedback we have gathered from teachers, identifying what works and what doesn't, and have open discussion about how to best move forward.

In conjunction with this, we will hold a co-teaching showcase that morning from 8:00-11:00 a.m., District Office Room 129, and invite you to attend to hear from the teachers about their experiences with co-teaching. You are welcome to come to all or part of this session.
