

# Intradistrict Communication

DATE: February 2, 2023

TO: All School Administrators

FROM: Michael Anderson, Associate Superintendent  
Travis Hamblin, Director of Student Services  
McKinley Withers, Health and Wellness

SUBJECT: Grief Conference Opportunity

---

Student Services is continuing to offer training opportunities for administration and school mental health team members with the unspent suicide prevention funds from prior years. With these remaining funds, we will be sponsoring the registration fees for an upcoming grief conference. The Bradley Center is hosting a full day training titled Traumatic Death: How to Help Those Left Behind.

Here is a description of what to expect from this opportunity: *Since COVID-19 disrupted life for children and families worldwide, traumatic deaths have impacted millions. Local professionals deal with the impact of those and other traumatic deaths every day. Learn additional strategies to help clients cope.*

This will take place on Friday, February 24th at the Mountain America Center. It is a full day of learning from 8:30AM to 4:30PM.

For more information about the conference, you can visit <https://bradleycentergrief.org/>

If you or any of your school's mental health team (school counselors, school psychologists, or clinical support/social workers) would like to attend, please reach out to Angie Rasmussen at [angie.rasmussen@jordandistrict.org](mailto:angie.rasmussen@jordandistrict.org). Provide an email with the full name, email address, office phone number and meal preference (vegetarian or not) of those who would like to register.

Seating is limited for this event. Please send in your request for registration as soon as possible!
