

Let's JELL! Jordan Educators Leading Learning "Every Learner, Every Day"

"When the PLC process drives an entire system, participants come to have a sense of identity that goes beyond just their own piece of the system. This process unleashes the energy of working toward a common goal."

Elementary AOSs and the Teaching & Learning Department are providing principals and school leadership teams three professional learning sessions to build shared knowledge and deep understanding of the JELL framework and strategies for putting the processes into practice.

All sessions will be held at the JATC South. Substitutes will be covered by T&L.
