

# Intradistrict Communication

DATE: May 19, 2021

TO: Elementary and Middle School Administrators

FROM: Michael Anderson, Associate Superintendent  
Travis Hamblin, Planning & Student Services  
McKinley Withers, Health and Wellness

SUBJECT: LAST CHANCE: 2021-22 Social Emotional Learning Grant Opportunity

---

Every elementary and middle school in Jordan District has an opportunity to receive **schoolwide access to Second Step** on our District's Project AWARE Grant for the 2021-22 school year. Second Step's evidence-based K-8 curriculum includes weekly lessons, advisory activities, home links, reinforcement strategies, school-wide announcements, and more! The lessons are easy enough for *any* person to teach with minimal prep time and the digital platform makes this even easier. Second Step is now fully digital and any school that joins will be able to grant full access to the content to *anyone in their school*.

**If you would like to take advantage of this opportunity at your school, please take 3 minutes to fill out [this brief form](#)** that outlines our promise to you as you continue to find ways to support your student's social and emotional needs. If you have questions, reach out to McKinley Withers, [mckinley.withers@jordandistrict.org](mailto:mckinley.withers@jordandistrict.org), 801-448-1404.

**This form will close on May 28, 2021**
