

School LAND Trust Training Recap
Feb 5, 2021

The LAND Trust Plan needs to be a component of your TSSA Plan. Your School Community Council reviews the data and provides comments on the TSSA Plan. Understand what the TSSA Plan is and be familiar with the data.

When presenting the data to SCC present what is in place in your LAND Trust and TSSA Plans. Make it parent friendly with the statements used. Give time for them to ask questions. Make sure they feel comfortable.

When putting together your 2021-22 LAND Trust Plan be as brief as possible in providing all of the necessary information.

Use the Data Review to identify critical academic needs.

Create the Goal: Goals must be – Student Centered, Measurable, and Academic

Focus on student improvement and success

Identify the goal and fit your needs to the goal. Don't just use it as a shopping list

How do we define success?

What will we do?

What do we need?

If multiple goals are in the same subject combine it into one goal

Keep the amount of goals smaller

GOAL:

One Statement

Such as – "Improve 8th grade science scores from 55% to 59%"

MEASUREMENT:

What is the method of coming up with the assessment? How will we know that goal has been met?

"Acadience scores"

ACTION PLAN:

Have it be research based. Every expenditure should be discussed in the Action Plan and matched to the action - so it shows how it all fits together. Use:

* A bullet list

* Outline

"If we receive more funds" – Be thinking of other things you could do, in current goals as well as additional goals.

Recent changes regarding Behavioral Intervention:

Can be a part of the action plan

No longer a \$ limit

Must be tied to an academic goal

Use data to show how it will support the goal

Regarding the website update

It will be more steam lined

The website should be ready for the final reports to be added by March 5, 2021

The 2021-22 Upcoming Plan can't be submitted until the final report is done and submitted

Final Reports

Using a copy of the 2019-2020 School Plan as a template, prepare responses to each item (text) in each goal or question entered in the original School Plan and Amendment, as necessary.

Expenditures will not be entered by the principal but will be displayed for response and explanation by the council.

School plan expenditures from 2019-2020 may be obtained from the business administrator.

2021-22 Upcoming Plan

A template from the State LAND Trust website is attached to this JAM

Your school plan is due to your AOS by March 26, 2021

The same deadlines are necessary in order to stay on track with reviews by the AOS' and the approval by the Jordan School District Board of Education.

Please review the attached Land Trust Guidelines in order to place the expenditures under the correct categories.
