

LEADING SCHOOLS

We are excited to offer this year's summit July 12-14, 2022, in Riverton, UT. Join us for an exciting three-day experience with hands-on learning, inspirational talks, and innovative ideas that will help you grow as a leader!

Personalized Problem-Solving

Engage with peers to address critical challenges in the continued transition to better personalized, competency-based learning (PCBL).

Job-Embedded Training

Learn with experienced principal coaches in key areas including school culture and change management, professional learning, communication, and community engagement.

Tangible Examples of Innovation

Explore tested leadership strategies and visit spaces of innovation.

Network of Support

Collaborate with school leaders with similar challenges during the summit, and with a growing network of innovative leaders after the summit.

Improving Communication

Acquire strategies for having difficult conversations with staff and community members.

The best Leaders are Learners

UEN invites principals and assistant principals at any level to participate free of charge in this unique professional learning summit. To find out more information and to register visit:
