

# Intradistrict Communication

DATE: Thursday, February 17, 2022

TO: Elementary School Administrators

FROM: Carolyn Gough, Administrator of Teaching & Learning  
Ben Jameson, Director of Evaluation, Research and Accountability

SUBJECT: Acadience Reading Analysis Dashboard Updated with MOY Benchmark Results

---

The Acadience Reading Analysis Dashboard has been updated to include the middle-of-year benchmark results for schools and the district going back to 2015. The dashboard contains the following data:

- Participation rates
- Proficiency over time
- Student growth over time
- K-6 measures
- Benchmark results by teacher
- Individual student data

Each of these dashboards contain student group filters to help you drill deeper into the data. The student groups that are included are economically disadvantaged, EL, minority and students with a disability.

You may access the Acadience Reading dashboards [here](#). You can also navigate to the dashboards within your Tableau Viewer account this way:

Explore menu > Acadience Reading & Early Literacy > School Acadience Reading Analysis, 2015-2022

Please contact Ben Jameson in Evaluation, Research & Accountability with questions about these dashboards or to set up a time to discuss your school's results.
