

New Teacher Training for Elementary Literacy 2025-2026

Required literacy trainings for elementary teachers are now available for registration for new teachers and teachers moving to a new grade level.

If a teacher is moving grade levels and has already taken any trainings, they DO NOT need to take them again.

To register for these trainings go to <https://pd.jordandistrict.org/>. Trainings can be found by searching for the titles or clicking on the direct links below. Please be sure that all new teachers are aware of the different training that they will need for their grade level and the dates that they are being offered. These are currently the only offerings for these classes this year. New teachers should sign up for one date for each training listed under the grade level they will be teaching.

In-service rate will be paid for Heggerty, MSRC, and Wit & Wisdom classes taken outside of contracted hours. Substitutes will be provided for all classes taught during contracted hours. A stipend of \$600.00 will be paid to teachers for the completion of the in-person and online book work for LETRS training.

- For UFLI Pilot Schools K-3 teachers, contact your school's district literacy specialist for links to in-person training sessions held on June 13th, July 20th, or August 6th. Teachers will receive a \$150 stipend for attending.
- For other schools using Really Great Reading in K-3, contact your school's district literacy specialist for online training. Teachers will be emailed a link and that training is completed online. A stipend \$300.00 will be provided upon completion of Really Great Reading training. If you have any questions regarding classes or the registration process, please contact: Brittney Eldredge: 801-567-816; brittney.eldredge2@jordandistrict.org

Kindergarten, First Grade, or Second Grade

Heggerty Training

- [Heggerty Training 7/30/25 8:30-11:30 a.m.](#)
