

## New Teacher Training for Elementary Literacy 2026-2027

Required literacy trainings for elementary teachers who are new to the district or are moving to a new grade level are now available for registration. If a teacher is moving grade levels and has already taken a specific training, they DO NOT need to take it again.

To register for these trainings, go to <https://pd.iordandistrict.org/> and search for the titles or click on the direct links below. Please ensure that all new teachers are aware of the various training that they will need for their grade level and the dates offered. These are currently the only offerings for these classes this year. New teachers should sign up for one date for each training listed under the grade level they will be teaching. **Wit & Wisdom and UFLI training will now be done in two parts. New teachers will need to enroll in both Part 1 and Part 2 for each of those classes.**

Inservice rate will be paid for classes taken outside of contracted hours. Substitutes will be provided for all classes taught during contracted hours.

### Kindergarten, First Grade, or Second Grade

**Heggerty Training** (choose 1)

- [Heggerty Training 7/29/26 12:30-3:30 p.m.](#)
