SUBJECT: Permit Input Dates

The window for the school choice Early Enrollment Period closes on Friday, February 17, 2017. The law requires that parents receive written notice from the school by March 31, 2017. The parent's copy of the permit application serves as their written notice.

So that we can expedite Version 2.0 of the Estimates for the 2017-18 school year, we are asking that schools **have all permits entered into Skyward by Friday, February 24**, if at all possible. If you can see that you will not be able to enter all of your permits by this date, please call Luann at 88251 so that she can adjust other schools' numbers and come back to your school when you have had a chance to input the permits.

Please share this information with the individuals in your school helping with the permits. If you have questions or concerns, please call Luann. Your cooperation is greatly appreciated in an attempt to help make Estimate Version 2.0 as accurate as possible.

Thank you for your help with this process.
