

Dear Partner in Education,

Village Inn Restaurants would like to partner with you and your school to help support academic achievement. We realize the meaningful roles that schools, teachers, and the community play in a student's life, which is why we are excited to share with you our annual National Pi Day program including free materials to support your educational efforts.

Every year on March 14th we celebrate the ratio Pi (π). We understand that many STEAM teachers across the nation raise Pi awareness with special activities for their students on this day. Help us celebrate this never-ending number (3.14159...) and Einstein's birthday. Village Inn's award-winning PIE can be a fun way to bring National Pi Day to life and can be used to educate students about this mathematical ratio (and provide your students with a delicious treat!).

We are providing teachers with \$2.00 off any Village Inn whole classic fruit pie (see enclosed coupon) and have provided you with the following support materials:

- Pi Day Activity Ideas
- Pi Day 'Outstanding Achievement Award' Certificates (with a Village Inn special offer)

We welcome this opportunity to work with you and to support your school's STEM programs. Becoming a strong community partner is important to us. Please don't hesitate to call us with questions.

Your friends in education,
Village Inn
