

Intradistrict Communication

DATE: February 26th, 2025

TO: All Administrators

FROM: Michael Anderson, Associate Superintendent
Travis Hamblin, Director of Student Services
McKinley Withers, Health and Wellness Consultant

SUBJECT: Prevention Plan Update 2025-26

School administrators and teams are expected to update prevention plans annually and post them on their school's website. Prevention plans address overall prevention efforts and include suicide, bullying, and violence prevention information. Additional information on updating your school's prevention plan can be found at wellness.jordandistrict.org/preventionplan.

The template for prevention plans has been updated and school administrators can use [this link](#) to make a copy and update their plan for 2025-26 by filling in the highlighted areas.

The Wellness Team would gladly visit your school (upon request) to attend a team meeting and support you in completing your prevention plan!

If you'd prefer to take time away from your building to complete your prevention plan with the wellness team present, reach out to request "office hours" and we will schedule time at a District conference room that works for your team. Contact McKinley Withers (88245, mckinley.withers@jordandistrict.org) to arrange for in-person support at your school or through District "office hours."
