

Intradistrict Communication

DATE: March 17, 2022

TO: All Administrators

FROM: Michael Anderson, Associate Superintendent
Travis Hamblin, Director of Student Services
McKinley Withers, Health and Wellness Consultant

SUBJECT: Prevention Planning Workshop

Our Health and Wellness team will be offering **prevention planning workshops** for school teams on the dates below. To sign up, please visit the [Google Form](#) to receive further communication about the workshops.

This prevention planning workshop is an opportunity to communicate to your school community all of the great things that your school does to care for your students! The intended outcome of the workshop for attendees will be a completed, concise, clear prevention plan for their school that highlights their unique approach and follows District and State guidelines. If you would like to make alternate arrangements for prevention planning, please reach out to McKinley Withers (801-567-8245, mckinley.withers@jordandistrict.org)
