**SUBJECT:** Professional Development Opportunities for Special Education Teams on De-escalating and ESIs.

The Special Education Department is pleased to announce upcoming training sessions for school-based teams. Content for this training mirrors the training delivered during the January 2026 Principal's meeting, adapted for team-wide participation. To foster maximum collaboration, we strongly encourage entire teams—including Licensed Special Education Teachers, School Psychologists, and Instructional Assistants—to attend the session together. Principals are welcome to join with their team.

Please note that part-time Instructional Assistants will be compensated for their participation through a JSD Timesheet.

We invite teams to select their preferred training date by completing the specific form below. Because space is limited for each session, we recommend early submission to ensure your first choice.
