DATE: Thursday, January 22, 2026

TO: Elementary and Middle School Administrators

FROM: Carolyn Gough, Administrator of Teaching and Learning
Ben Jameson, Director of Evaluation, Research and Accountability

SUBJECT: RISE Summative Training

The RISE summative testing window is from **April 9-May 28, 2026**. RISE passwords get reset each year, so please be sure your teachers log in and reset their passwords for this year at utahrise.org.

Please make sure all testing teachers complete the yearly RISE test administration training. Many teachers only use the RISE systems once a year, so yearly training on how it all works is needed. Only teachers who will administer the RISE test need to be trained. For your reference, here is a link to the [Testing Ethics Policy](#).

School administrators are responsible for making sure all RISE-tested teachers get trained in RISE test administration. Should you choose to hold a training at your school, this fulfills the training requirement. Teachers have two additional options to be trained for RISE testing:

RISE Canvas Course

The RISE test administration training requirement can be fulfilled by completing the Canvas course online. Teachers can self-enroll in the course using this link:

Access to the course will be available starting on February 2, 2026. A certificate of completion will be available for download at the end of the course.

Zoom RISE Training

Teachers can attend one of the following Zoom RISE trainings to fulfill the training requirement.

Here is the Zoom link for these trainings:
