1st, 3rd, & 5th Grade Teachers
Secondary Health Teachers

FROM: Carolyn Gough, Administrator of Teaching & Learning
Amanda Bollinger, Associate Administrator, Teaching & Learning
Nathan Foster, Health/PE Specialist, Teaching & Learning

SUBJECT: Required Firearm Safety Instruction – Implementation for 2025-26

During the 2025 legislative session, Utah passed [HB104](#), which requires firearm safety instruction to be provided three times in K-6, once in middle school, and once in high school. Jordan School District will meet this requirement by providing firearm safety instruction in 1st, 3rd, and 5th grades, Health I, and Health II, aligned with Health Education standards.

Instruction may be delivered through live lessons, videos, online materials, or as part of health or physical education curricula. Before instruction, schools must **notify** parents or guardians and offer an opt-out option, with alternative educational activities provided as needed.

For details, resources, and curriculum materials to support this requirement, please review the attached [HB 104 Implementation Document](#) and visit the linked resources.

Please reach out to our JSD Health and PE Teacher Specialist, Nathan Foster, with any questions: nate.foster@jordandistrict.org.
