SUBJECT: Research Project

The Research Review Committee has reviewed a research project in which your school has been asked to participate.

Project Title: General Education Teachers' Self-Reported Response to
Overt Student Problem Behavior in the Classroom

Applicant: Ingrid Shurtleff

The project has been approved by the District Research Review Committee. The applicant has been directed to contact you to discuss the extent of the project and to obtain your permission to conduct the study at your school. Participation in the study is at your discretion. If you have questions or concerns relating to participation, please contact Ben Jameson at 801-567-8243.

The project will involve you sending a link to a 7-10 minute online survey to your general education teachers. The survey attempts to explore how general education teachers experience and address student problem behaviors and to what extent they feel equipped to manage those behaviors.

Thank you for your assistance.
