- **Networking Opportunities:** Connect with other educators, administrators, and school safety professionals who share your commitment to creating positive school climates.

"We actually go to a lot of conferences... this was the meat and potatoes. I got more out of this conference in three days than I did in a lot of conferences over the *entire* year."

Justin Reeves, Asst. Principal & Safety Specialist at Lone Peak HS

"In 25 year of all the conferences I've been to around the United States, this is by far one of the best conferences I've ever been to. I really appreciate the variety of people... police officers, educators, & parents."

Nicoletta Householder, Student Success Specialist at Maria Montessori Academy
