

Intradistrict Communication

DATE: Thursday, November 7, 2019

TO: All Schools

FROM: Shelley Nordick, PH.D., Administrator of Teaching and Learning
Ben Jameson, Director of Evaluation, Research and Accountability

SUBJECT: School Accountability Report Card Self-Reported Indicators for the 2018-19 School Year

School Accountability Report Cards for the 2018-19 school year will be published in December 2019 or January 2020. Self-reported indicators will once again be an option for schools that wish to celebrate other data beyond that provided by the report card.

Principals are encouraged to select data from the 2018-19 school year and fill out the Self-Reported Indicators for the 2018-19 School Year form attached with this memo. Schools may submit up to two self-reported indicators. In addition, schools may also submit a pdf document that may contain charts, graphs, photographs or some other visualization that may add to the explanation on the form. Please see the 2018-19 Self-Reported Indicators Principals Flow Chart and the Self-Reported Indicators Presentation attached with this memo for step-by-step instructions.

Completed Self-Reported Indicators for the 2018-19 School Year forms and pdf visualizations are due to Ben Jameson by **Friday, November 22, 2019**.
