DATE: Thursday, February 20, 2020

TO: All Principals

FROM: Shelley Nordick, Ph.D., Administrator of Teaching and Learning
Ben Jameson, Director of Evaluation, Research and Accountability

SUBJECT: School Administrator Exploration of JPAS Data

We are excited to announce the availability of a series of Tableau dashboards that contain JPAS data for the past three school years at the district, school and teacher levels. These dashboards may be found in the following location in your Tableau Viewer account:

For School-Level Aggregate Data:

Explore > JPAS Analysis, 2017-2019 > **JPAS Analysis Dashboard, 2017-2019**

For Teacher-Level Data:

Explore > JPAS Analysis, 2017-2019 > **[Your School's Name] JPAS Analysis – Teacher Level**

Because school administrators have never had access to JPAS data like this before, the Evaluation, Research & Accountability Department is offering data exploration sessions to principals and assistant principals to assist them in better understanding the data and its implications for instruction and professional development. All school administrators are strongly encouraged to attend a session.

School administrators need only attend one session:
