

Severe Reading Assessment Class 2016-17

Did you know that Jordan School District has additional tests that you can administer to help identify problematic areas in reading or help address parent concerns related to dyslexia?

- This class will help you identify severe reading problems and varied strategies.
- We will be providing training on the CTOPP2, GORT5 and the RAN/RAS.
- Participants will be required to administer and score each test before they will be able to administer to students who are on an IEP and/or in the referral process.

This class is only taught once a year and is primarily for new special education teachers, SLP's and Guidance staff. But if there is availability, you can be added to this course by contacting Michelle.chavez@jordandistrict.org. The attendance is at the discretion of the building principal and special educators must arrange for a substitute. Substitutes may be requested by using the program code 1292. Teachers should register through JPLS.

Date: December 13, 2016 from 8:00 AM-4:00 PM

Where: District Office Room #129

Sign up: On JPLS Course #101096 (.5) USBE Credit is available for \$25.00
