

Intradistrict Communication

DATE: Thursday, December 12, 2024

TO: All School Administrators

FROM: Carolyn Gough, Administrator of Teaching and Learning
Ben Jameson, Director of Evaluation, Research and Accountability

SUBJECT: 2024-25 Stakeholder Input Survey Results

41,641 students, parents and educators participated in the 2024-25 Stakeholder Input Survey, which was administered in November 2024.

The Stakeholder Input Survey results have been released on Tableau. Those with Tableau accounts will be able to see aggregated responses to each of the question items that were administered to K-3, 4-6 and 7-12th grade students as well as parent and faculty responses.

Those with Tableau accounts may access school and district survey results by clicking [here](#) or through the Explore menu: Explore > Surveys > Stakeholder Input Survey.

As a reminder, the Stakeholder Input Survey fulfills state statute ([53G-11-507](#)) requiring that LEAs seek for student and parent input (and employee input for school administrators) as part of an educator evaluation program. Printed reports containing school, principal, assistant principal, and individual educator effectiveness ratings will also be distributed to principals in January 2025. Those reports will need to be distributed to educators who may choose to use those results as part of their educator evaluation. It may also be beneficial for principals to meet with individual educators to discuss their results.

Please contact Ben Jameson in Assessment, Research & Accountability with questions.
