SUBJECT: **State Required Bus Evacuations and School Bus Safety 2023-2024**

State required semi-annual school bus evacuations have been scheduled for this fall. This applies to those students that ride the bus daily to and from school.

The evacuations will be conducted during the week of:

Monday, September 11 through Friday, September 15, 2023

Your school's regular bus drivers will perform this evacuation as they drop your students off in the morning, one day during that week. This drill will take place at the school and within the students' regular bus drop off/pick up zone. All professional school bus drivers that transport students are required to perform evacuation procedures in case of an emergency. Bus evacuation will be through the rear door, side door, front door or any combination of the three. Students will then, under the direction and supervision of the bus driver, evacuate and meet in a safe place approximately 100 feet away from the bus.

Your assistance is welcome but not mandatory to complete this required evacuation drill quickly, safely and effectively.

We appreciate all you do to help us safely transport your students.
